and the establishment of an AI Factory (EUROHPC-2024-CEI-AI-02, further amended by the Governing Board Decision No 59/2024 of 14 October 2024 (Amendment No 1),

Having regard to the Governing Board Decision No 71/2024 of 9 December 2024 approving the selection of Hosting Entities for the acquisition of an AI-optimised supercomputer or the upgrade of an existing EuroHPC supercomputer with AI capabilities, an advanced Experimental AI-optimised Supercomputing Platform (optional), and the establishment of an AI Factory,

Having regard to Governing Board Decision No 16/2025 of 11 April 2025, approving the launch of the call for tenders for the acquisition, delivery, installation and hardware and software maintenance of HammerHAI AI-optimised Supercomputer,

#### WHEREAS

- (1) The Joint Undertaking shall acquire AI-optimised supercomputers and shall own them.
- (2) By Decision No 71/2024 of 9 December 2024, the Governing Board selected the consortium coordinated by University of Stuttgart/High-Performance Computing Center Stuttgart (hereinafter “USTUTT/HLRS”) as Hosting Entity for the EuroHPC AI-Optimised Supercomputer (“HammerHAI”).
- (3) By Decision No 16/2025 of 11 April 2025, the Governing Board launched the call for tenders for the acquisition, delivery, installation and hardware and software maintenance of HammerHAI AI-optimised Supercomputer.
- (4) The evaluation procedure followed the applicable public procurement rules for the competitive dialogue procedures in the term provided in the Financial Regulation. The competitive dialogue procurement is divided in three main stages: a) selection stage, b) dialogue stage and c) the tendering stage. The evaluation committee was appointed by the responsible authorising officer of EuroHPC Joint Undertaking. Three external experts selected by EuroHPC Joint Undertaking assisted the evaluation committee with a detailed technical analysis against the award criteria.
- (5) Two submitted applications were deemed eligible and administratively compliant, and have been evaluated by the Evaluation Committee (exclusion criteria, selection criteria, award criteria). The Evaluation Committee, taking into account external experts’ individual evaluation report, concluded that both tenders were covering all the tender mandatory technical requirements as described in the technical specifications part of the call for tenders and one tender was superior to the other. The Evaluation Committee recommended to the Executive Director to award the contract to the superior tender, presenting the best overall solution in for what concerns the technical value of the system, including the quality of hardware and software, the EU added value and the R&D collaboration with the Hosting Entity. More details on the evaluation procedure are provided in the annexed Evaluation Report.
- (6) The Executive Director has submitted the Evaluation Report to the Governing Board,
- (7) The Governing Board took note of the outcome of the evaluation, which included the Evaluation Report with annexes. Consequently, the Governing Board

HAS ADOPTED THIS DECISION:

*Article 1*

The Governing Board hereby approves the selection of the tender for the acquisition, delivery, installation and hardware and software maintenance of the HammerHAI AI-optimised Supercomputer following the competitive dialogue procedure and in accordance with the Work Programme and Budget of the EuroHPC Joint Undertaking for the year 2024.

*Article 2*

The Executive Director shall inform the tenderers of the results of the evaluation and shall communicate simultaneously the relevant criteria scoring and analysis.

*Article 3*

This Decision shall enter into force on the date of its adoption.

Done at Luxembourg, on 10 December 2025.
