Notes:

(\*) The discrepancies between EuroHPC JU publication file and FTS publication is due to the fact that FTS does not include low value contracts below 15.000 Euro (see FAQ 5: Financial Transparency System - FAQ-FAQ)

(\*\*)(\*\*\*) The discrepancies between EuroHPC JU publication file and FTS publication is due to the fact that the repatriation for each beneficiary was not available in our central accounting system at the time of publication. 100 % of the amount is displayed with the coordinator, which is usually the invoicing party. In case of consortium, all the contractors are all jointly and severally liable towards the EU for the performance of the underlying contract.
